

DISTILLERIES TO VISIT

From the source of the water to the shape of the still, a distillery tour will help to explain what makes every Scotch Whisky different. No two distilleries are the same. Each has a unique setting and story, as well as a distinctive way of doing things that has evolved over many years.

Visiting a distillery allows you to indulge your passion for Scotch and, at the same time, discover the environment and meet the people that have done so much to shape that instantly recognisable taste.

Many distilleries welcome visits by members of the public. It is often necessary to make arrangements in advance, but many distilleries have extensive visitor facilities and do not require prior warning of a visit.

No matter which distillery you choose to visit – **be it island, mainland, large or small** – you can expect great Scotch Whisky, a warm Scottish welcome, and a fabulous day out.

Scotch Whisky is Scotland's leading indigenous product, and is of major importance to the economy not only of Scotland, but of the United Kingdom as a whole. **Sold around the world for more than 100 years**, Scotch Whisky is now established as the leading international spirit drink, making it one of Britain's most important exports.

Scotch Whisky is the world's undisputed premier whisky and consumers' spirit of choice

SCOTLAND is the home of Scotch Whisky and host to the greatest concentration of distilleries in the world. There are more than 120, making Malt Whisky by the centuries-old Pot Still method or Grain Whisky in the Coffey or Patent Still which has been in use since 1831. Few products are so closely linked with the environment, culture and people of their country of origin as Scotch Whisky.

Scotch Whisky is produced according to a tight legal definition. Made only from barley and other cereals, water and yeast it can only be called Scotch if it has been distilled and matured in Scotland. Distilled in a land of breathtaking natural beauty, it takes nothing from nature which nature will not replace.

It is a natural drink, a distillation of the riches with which Scotland is so abundantly endowed – fields of golden barley, water tumbling down glens of granite and over moors of peat; and cool pure Scottish air.

Scotch Whisky is classified in one of five main categories – **Single Malt Scotch Whisky, Single Grain Scotch Whisky, Blended Scotch Whisky, Blended Malt Scotch Whisky and Blended Grain Scotch Whisky**. Further legal protection for consumers is given to the regional names associated with Scotch Malt Whisky production – **Highland, Lowland, Speyside, Islay and Campbeltown** – according to the location of the distillery in which the spirit is made.

CAMPBELTOWN

Campbeltown is a remote town at the southern end of the Mull of Kintyre on the western fringe of Scotland.

At the peak of its production Campbeltown was home to over 30 distilleries. Campbeltown whiskies are robust in nature and tend to have an underlying character of fruit, hint of peat and a maritime influence.

Standard Tour £5

The basic tour of our distillery with one of our staff and a dram of our Double Cask to round it all off! 11.30am & 3pm, Monday–Saturday.

Heritage Tour £20

A tour around our distillery and a dram of each of our core expressions – Double Cask, 15 year old and Victoriana. 11.30am & 3pm, Monday–Friday.

Shop Tasting £15

Relax in our stunning Victorian styled shop whilst learning about the history of Glen Scotia and enjoying a range of drams. Available upon request.

Warehouse Tasting £30 and **Manager's Tour & Tasting** £50 also available. Max 4 people. Must be booked 2 weeks in advance.

HIGHLAND

The Highland region is geographically the largest Scotch Whisky producing region. The rugged landscape and changeable climate, and in some cases, coastal locations, are reflected in the character of its whiskies, which embrace wide variations.

As a group, Highland whiskies are rounded, robust and dry in character, with a hint of smokiness/peatiness. Those near the sea carry a salty tang; in the far north the whiskies are more notably heathery and slightly spicy in character; while in the more sheltered east and middle of the region, the whiskies are more fruity in nature.

ABERFELDY DISTILLERY

ISLAY

Islay, a small island off the west coast of Scotland, may be only 25 miles long but is home to 8 distilleries.

Islay is frequently lashed by Atlantic storms. Sea spray blows across the island, impregnating the peat used in the malting of the barley and blows into the warehouses where casks of Scotch Whisky lie maturing, influencing the taste and aroma.

The result is that some of the Islay whiskies are pungent and powerful with a distinctive whiff of sea air in them. Other distilleries that are in a more sheltered location, and use less peat during the malting process have a gentler but still clearly identifiable character.

Tours are available at regular intervals throughout the day, last tour 1 hour before closing. *Booking is advised.*

We run a shuttle bus service from Edinburgh city centre direct to our distillery, transport & tour from £22. Please call to book.

See our full range of tours online along with further details about our exhibition and renowned model distillery.

KINGSBARN DISTILLERY MAP REF: 40

(The Kingsbarns Company of Distillers Ltd) East Newhall Farm, Kingsbarns, Fife KY16 8QE

[01333 451300](tel:01333451300)

info@kingsbarnsdistillery.com

www.kingsbarnsdistillery.com [@KingsbarnsDist](https://twitter.com/KingsbarnsDist) [/kingsbarnsdistillery](https://www.facebook.com/kingsbarnsdistillery)

We have 3 types of distillery tours suitable for all levels of whisky interest. You can either book online or by phone, or just turn up. Your tour will include a visit to our exhibition, a guided tour of our distillery and tasting with one of our guides.

Kingsbarns Tour 1 hour, £10. The perfect introduction to Scotch Whisky.

The 19th Hole Tour 1 hour, £22. A late afternoon tour ideal after a game of golf. 5.30pm (**May–September** only).

Dream to Dram Tour 2 hours, £50. Suitable for those who have time to enjoy a more leisurely visit and longer tutored tasting.

A shop and café await you after the tour and price includes a voucher redeemable in the shop.

LINDORES ABBEY DISTILLERY MAP REF: 43

Abbey Road, Newburgh, Fife KY14 6HH

[+44\(0\)1337 842547](tel:+4401337842547)

lindoresabbeydistillery.com www.lindoresabbey.com

[@LindoresAbbey](https://twitter.com/LindoresAbbey) [/LindoresDistillery](https://www.facebook.com/LindoresDistillery) [@lindoresabbeydistillery](https://www.instagram.com/lindoresabbeydistillery)

Lindores Abbey's widely recognised links to the earliest written reference to Scotch Whisky, mean that people have been travelling to this quiet corner of Fife for centuries. After a 500-year break, these whisky pilgrims will finally be able to see Single Malt distillation happening once again on this historic site. Find out what goes into producing whisky on a distillery tour, and once you've learned the ins and outs of distilling, you'll be able to try two delicious drams for yourself.

Tours cost £12.50 per person and include a tasting of Lindores Abbey Distillery Aqua Vitae. £2.50 of this is then redeemable against a purchase of a bottle of Aqua Vitae. Takeaways available on request for drivers.

Private group tours are by arrangement and can operate throughout the day at times to suit the group. French and German Tours by arrangement.

Summer Tour Times: 1st April–30th September, tours will be available at 10:30am, 12pm & 2pm.

Winter Tour Times: 1st October–31st March, tours run at 11.30am & 2pm.

Please call 01337 842547 to book. Booking is strongly recommended.

SPEYSIDE

Speyside, a region that borders much of the length of the River Spey on the eastern side of the Highlands, is home to half of Scotland's Scotch Whisky distilleries, which are drawn together around a system of rivers.

The whiskies of this region are noted for their elegance and complexity. The flow of water over hills of granite and through moors of peat, add a refined smokiness to many of the malt whiskies and the slightly more sheltered nature of the terrain imparts a specific gentleness and delicacy to their character.

ABERLOUR DISTILLERY

MAP REF: 2

(Chivas Brothers) High Street, Aberlour, Banffshire AB38 9PJ

☎ 01340 881249

✉ aberlour.admin@pernod-ricard.com

DID YOU KNOW?

- Scotch Whisky is exported to around 180 countries worldwide. More Scotch is enjoyed globally than American, Canadian and Irish whisky combined.
- Whisky can only be called Scotch if it is distilled and matured in Scotland. This is defined in UK and EU law, and is accepted internationally, ensuring that when you buy Scotch Whisky you can be sure you are getting the real thing.
- Single Grain Scotch Whisky is a Scotch Whisky in its own right. It's characteristics are as individual as those of each Single Malt Scotch Whisky.
- A standard measure of Scotch Whisky (25ml) contains only 56 calories.
- Some 20 million casks lie maturing in warehouses in Scotland.
- The "cup o' kindness" in the familiar New Year song, Auld Lang Syne, written by Scotland's Robert Burns, refers to Scotch Whisky, the spirit of friendship.
- Queen Victoria, responsible in part for creating a demand for Scotch Whisky outside Scotland, used to enjoy a daily dram in her tea.
- Scotch Whisky distilleries play an important role in welcoming visitors to Scotland. Nearly 2 million people visit distilleries each year.

**Scotch Whisky is matured over many years – it should be savoured.
Please enjoy Scotch Whisky responsibly.**

**All distilleries and visitor centres included in this publication
are members of the Scotch Whisky Association.**
